THE ADMINISTRATION

MESSAGE FROM MR. SMITH
PRINCIPAL OF WEST SIDE

The Class of 1994 is a very special class for me because it is the first class that I will have the pleasure of seeing graduate as Principal of West Side High School. It has been a wonderful experience to have met so many outstanding young people and it is most rewarding to see all of you graduate.

Graduation is both an end and a beginning. It completes a very important segment of a person's life because it is the culmination of twelve years of educational instruction that has laid the foundation for the rest of your life. It is also the beginning of a new part of your life that will take you through young adulthood.

For some of you the path will be to continue your education in college, for some it might mean joining a government organization and for other it means becoming part of the private sector workforce. Regardless to which path you choose, it will be your responsibility to give your best effort and make the brightest future possible for yourself.

As you leave West Side High School you become part of the legacy of this school and all Newark Public School's graduates. It is time for you to make your mark in the world and become the role model for future graduates. Good luck and God Bless you all.

CAN YOU IMAGINE . . . . . ?

Kim Singleton not eating.
The cafe, cooking food that everyone can enjoy.
All seniors graduating at the same time.
LaTosha Pittman without a pony tail.
Ruth Jean-Marie with jeans on.
The football team winning a game.
Ms. Anderson teaching on a Saturday.
Ms. Wysocki without her lab coat.
Corey Martin not being involved with the Senior Class.
Sonia Mendez making any type of sense.
The whole class of 1994 going to college and making something out of themselves.

Meeting one another at our class reunion.
LaRhonda Montgomery without a big mouth.
Ms. Anderson not giving out detention slips.

DON'T YOU JUST HATE . . .

Leaving West Side.
When a teacher tries to play you out in front of the class.
When you are right and someone always tries to prove you wrong.
When Ms. Anderson expects you to do everything in a few minutes.
When you have to go to the late door if you are one-minute late.
When you go home and your mom has no food.
Leaving all your friends.
When your so-called friends talk to your man.
When you get to the door of the cafe and discover that you have misplaced your ID.
When girls wear their pants below their buttocks.
When you are in the halls and smell good food coming from the cafe, but when you get there, it's only sandwiches or hot dogs.
When guys take your number and don't call.
When people catch feelings for no reason at all.
When girl knows you don't like her, but she breaks her neck to speak.
When the teacher gives you homework on a weekend.
When your teacher has to be right.
When people you know talk about you, but try to be your friend the next minute they see you.
When people judge you for your appearance and not your personality.
When people act phony.
When you run for the bus, and as you are about to get close to the door, the drivers pulls off.
When the security guards think that they are saying something when they say, "Get out of the halls."
When it is cold and rainy and when you get to school late, you have to go to the late room.
When you and your boyfriend are walking down the hall and a girl tries to distract him by trying to talk to him.
When girls lie about simple stuff about your boyfriend.
When its rainy and you have to come to school.
When people try to get in your business.
When people wear the same clothes.
When people say that only the "In Crowd" people are important.
When people think they look good but they don't.
When phony people smile in your face and then stab you in your back.
When it snows too much.
When people try to play you out in front of others.
When you think you have passed class, and when you get your report card you have failed the class.

To the Class of 1994: I truly enjoyed acting as your advisor during your junior and senior years. I was a little hesitant at first to take over this task, but I prayed over it and asked God to tell me what to do. Well, I was told that you needed me, so I decided to accept the challenge. The class officers were so cooperative. They worked very faithfully with me, and I want to personally thank them for their dedication to the class. I would like to say to all of my young ladies, "Take advantage of all the opportunities that come your way; you can never get too much education." To my young men, I would like to say, "Please stay out of trouble, we need you to carry on our race". Don't let anyone tell you that you can not be whatever you choose to be. I'm looking forward to hearing only good things about all of you. Please think of me because I will always remember you. I will continue praying for all of you . . . . .

Love you . . . hugs and kisses . .
